

Human-AI Fused Intelligence

Exploring how human and machine intelligence
Co-adapt, co-create and co-evolve

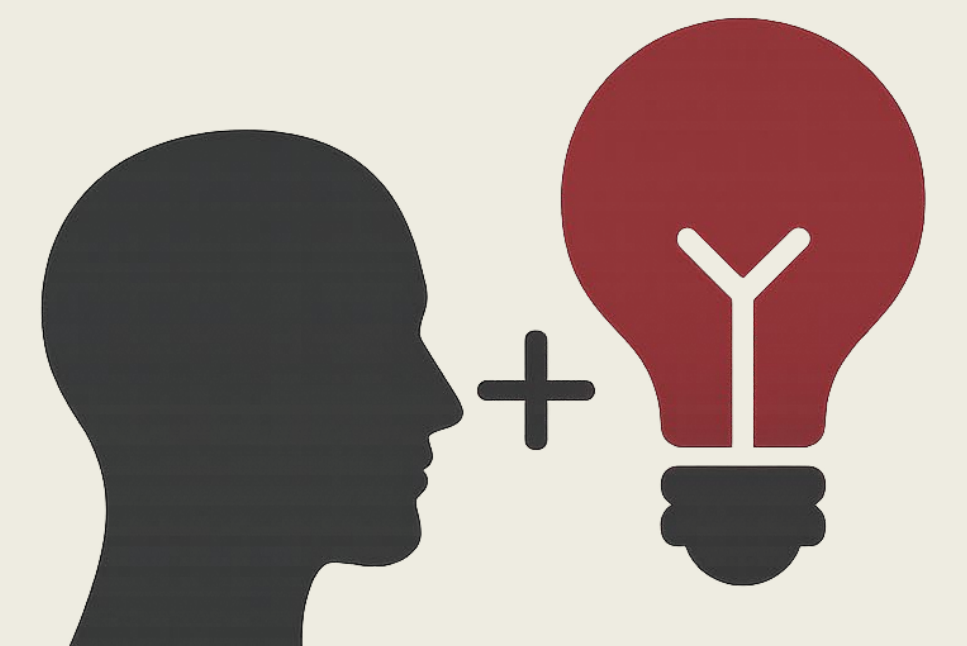

IMMERSIVE ANALYTICS

- Human-centric Digital Twins
- AI-assisted Spatial Reasoning

AUGMENTED LEARNING & CREATIVITY

- AI-enhanced education
- AI-integrated pedagogy
- AI-human fused assessment

COLLABORATIVE MODELS

- Generative Human-AI Collaboration
- Interaction Framework and Methods

RESPONSIBLE CO-INTELLIGENCE

- Ethics, Safety, transparency and inclusion
- Data privacy , Algorithmic bias and psychological effects
